## EVOLVEO StrongPhone G8

### Powerful, waterproof, octa-core smartphone

EVOLVEO StrongPhone G8 is ready for any difficult task - it won't fail in performance, durability or speed. You can rely on it wherever you are under any extreme operating conditions.

### Waterproof Android Smartphone with maximum IP68 protection

Water resistance is certified according to the IP68 norm, the phone is dust tight and protected against the effects of immersion in up to 1.2 m of water for 30 minutes.

### Unique protective frame

The ergonomically designed body is covered with a fine rubberized surface and its rugged „SolidStone“ protective inner frame is made from titanium alloy increasing the phone's durability greatly.

### Top quality camera and Full HD video

The phone is equipped with a 20 Mpix camera using SAMSUNG ISOCELL image sensor. Thanks to the combination of ISOCELL technology and a newly developed RWB colour filter, the image sensor is extremely sensitive to light and achieves high colour fidelity increasing light sensitivity and improving colour fidelity, even in the lowest lighting conditions. You can record in Full HD quality.

### MediaTek True8Core 4G/LTE
