Tag line/descriptor

Exceptional Comfort and Control.

25-word description

The Microsoft® Natural® Keyboard Pro gives you one-touch access to the Internet, your e-mail, and your favorite multimedia controls. With its powerful IntelliType Pro software and built-in USB ports, the Natural Keyboard Pro combines comfort and control to let you work efficiently.

Features/benefits

- Use the Internet Hot Key to get online with the push of a button, then browse easily—right from your keyboard.
- Check messages or open your e-mail program with the E-mail Hot Key—a single keystroke is all it takes to access your electronic mailbox.
- Connect a USB device directly into your keyboard through one of the two built-in USB ports.*
- Control your CD-ROMs and PC audio and video functions directly and easily with the Multimedia Hot Keys.
- Type in a relaxed posture with your hands, wrists, and forearms in a natural, comfortable position.
- Use the My Computer and Calculator Hot Keys to quickly access these popular Windows® features. Or, customize these Hot Keys to launch your favorite programs or documents.
- Use the Sleep Hot Key to suspend your PC, then resume work later—without having to restart your computer.
- Quickly perform common tasks such as Cut, Copy, and Paste with Control Key Shortcut Labels.**
