25-word description

Microsoft® Sidewinder® Precision Racing Wheel allows you to feel every curve as you spin around the track. It attaches easily to any tabletop and has high quality slide-resistant foot pedals.

Features/benefits

- Devour the asphalt with slide-resistant foot pedals, easy-to-secure clamp, and rugged base.
- Included Game Controller Software allows you to select schemes from popular racing games or customize new schemes.
- 6 custom-function buttons and 2 triggers/shifters put the pro-driving experience at your fingertips. Program them for ultimate performance on any speedway.
- Compact base clamps onto any desk with room to spare. The only movement you'll feel is road-related. The stable cam-lock holds the wheel firmly in your hands. A quick-release lever removes the wheelbase in a snap.
- Authentic, ribbed-grip steering provides cool, comfortable control no matter how white your knuckles get.
- Drive home the feel of the race with textured, realistic racecar pedals fitting various sizes of feet.
